Edge Tray for Recessed Applications

Easy to Read Crystal Clear Display

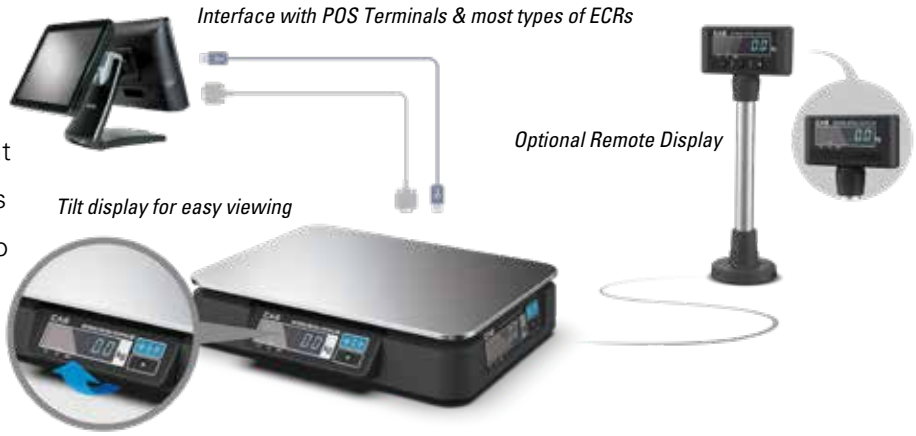

CAS

PDN Series

POS Interface Scale

Designed to elevate your customer's retail experience, the cutting-edge PDN POS Interface Scale combines precision with user-friendliness, making every sale a breeze.

Say goodbye to complicated weighing processes and hello to seamless transactions with the CAS PDN POS Interface Scale. The CAS PDN scale works together with your Point of Sale (POS) system or ECR. Product weights are transferred directly into the transaction. No manual entry, no delays – just a swift and accurate sale.

- INTERFACE & POWER OPTIONS

The PDN is powered through the USB port. No need for extra cables in your point-of-sale set up. Simply connect the USB cable to a POS terminal's USB port. If using the RS-232C port, then power up the PDN using the optional AC power block with the USB cable.
